KEY PERFORMANCE INDICATORS (KPI) – SCORECARD

Departments: Brokerage • Forwarding • Pricing • Trucking • BDD

HOW TO USE THIS SCORECARD

- These KPIs are evaluated per INDIVIDUAL EMPLOYEE within each department.
- Each department has its own worksheet (tab) listing its KPIs, reckoning points, targets and weights.
- Weights within each department total 100%.
- At the end of each evaluation period, enter the ACTUAL RESULT for every KPI, then assign a RATING of 1 to 5.
- The WEIGHTED SCORE and the FINAL KPI SCORE (out of 100) compute automatically.
- Charges, penalties and lapses are counted only when attributable to the employee's own delay, error or negligence.

RATING SCALE

Rating	Descriptor	Achievement vs. Target
5	Outstanding – Consistently exceeds the target / standard	Above Target
4	Very Satisfactory – Fully meets the target / standard	At Target
3	Satisfactory – Slightly below target; minor gaps	90–99% of Target
2	Needs Improvement – Below target; noticeable gaps	70–89% of Target
1	Poor – Well below target; serious concern	Below 70% of Target

Weighted Score = Weight (%) × Rating ÷ 5 | Final KPI Score = Sum of all Weighted Scores (max 100)

OVERALL RESULT BANDS

90 – 100	Outstanding
80 – 89	Very Satisfactory
